Thermal Aircool

Thermal Aircool louvre ventilators for masonry walls/windows/curtain walls* having heater coil, extruded aluminium frame with ABS thermal break, extruded aluminium external weather louvres, 4mm insect screen, and aluminium internal cover grille.

Insulated internal motorised controllable dampers fabricated from double skin of aluminium with ABS thermal break and blade compression seals. U-value 0.86W/m²K when closed. 24V modulating actuator for internal dampers controlled by iC8000. Dampers and heater coil are fitted inside our wall sleeve for easy installation.

The external louvres provide a 98.6% (Class B rating) rain rejection when independently tested at BSRIA using the BS EN 13030: 2001.

Ventilators designed and manufactured under BS EN ISO 9001, and supplied by Passivent, North Frith Oasts, Ashes Lane, Hadlow, Kent TN11 9QU Tel: 01732 850770, Fax: 01732 850949, Email: projects@passivent.com (and installed by an approved installer).
